

Craigshill Primary School Curriculum Rationale

adaptive and personalised

The Craigshill Curriculum is adaptive and is personalised to the needs of our learners. We ensure that we connect and feed the roots of our learners through nurturing positive relationships.

skills based and knowledge rich

The curriculum is skills based and knowledge rich; we cover less because we believe that our children should have the opportunity to study the curriculum in greater depth.

exceptional outcomes

We want our children to produce exceptional outcomes whilst developing their independence, resilience, curiosity and creativity.

life long learners

We want our learners to have the attributes to be life long learners. We want them to be confident individuals, who are responsible citizens and effective contributors that leads to successful learners.
